MERN Full Stack Web Developer | DSA With C++

SUMMARY

I am a hardworking and passionate entry-level software engineer with a strong foundation in designing and developing scalable MERN full-stack applications, particularly for cloud environments. I am proficient in time management, problem-solving, and organizational skills, with a demonstrated drive to contribute effectively to team success. Currently, I am expanding my expertise by learning Next.js, reflecting my commitment to continuous learning and professional development. I am eager to apply my technical skills and positive attitude to overcome challenges in a full-time role that fosters both personal growth and the achievement of company goals.

EDUCATION

Institution	Course	Board	YOP
❖ KLE College of Engineering and Technology Chikodi	MCA	VTU	2025
❖ SDVS'S BCA College Sankeshwar	BCA	RCU	2023
❖ GOVT PU College Hukkeri	SCIENCE	PU	2020
❖ SJD High school Nidasoshi	SSLC		2018

PROJECTS

Movie Clone App

- **Description:** Developed a full-stack movie streaming platform inspired by popular streaming services. Implemented features such as movie search, detailed view, user authentication, and a personalized watchlist.
- **Technologies:** MERN stack (MongoDB, Express.js, React.js, Node.js), TMDB API.

E-Commerce website:

- Develop an interactive, user-friendly, and fully functional e-commerce platform leveraging the MERN stack (MongoDB, Express.js, React.js, Node.js). The platform will enable users to browse products, manage their carts, and complete purchases seamlessly, while administrators manage inventory, orders, and user interactions efficiently.
- Search functionality with filtering and sorting by categories, prices, ratings, etc.
- Add/remove/update products in the cart.

TECHNICAL SKILLS

Domain	Software and Technologies
❖ Languages	C++, Python
❖ Frontend Technologies	HTML5, SASS, ChakraUI, JavaScript, React.JS
❖ Database Technologies	MySQL, MongoDB
❖ Backend Technologies	Node.JS, Express.JS

CERTIFICATIONS

- ❖ Completing of Python and AI Certificate

ACHIEVEMENTS / HOBBIES

- LeetCode Challenge: Completed a 50-day LeetCode challenge, sharpening problem-solving skills and enhancing proficiency data structure and algorithms.
- Problem Solving, Time Management, Designing.

LANGUAGE

English, Hindi, Marathi, Kannada

DECLARATION

I hereby declare that all the information provided is true to the best of my knowledge.
